Message for Sem Alumni

Greetings from Nainital.

In all my meetings with Sem alumni I have almost invariably perceived a deep bonding with the alma mater as well as gratitude for what they have received at Sem. If this bond could be put on a structured level it would benefit both the school and the alumni. On the one hand the alumni could feel a greater sense of acceptance and appreciation at the school and on the other the school could benefit by a higher level of participation by the alumni in its developmental and other activities.

This is also one of the objectives of the Sem Ex Students Trust which has an office at the school and of which I, as Principal, am one of the permanent Trustees. As such, the Trust Office is the major resource that the school relies upon for servicing alumni requirements. I invite all alumni to make full use of this resource. All communications from alumni regarding the school, whether any information is sought or any visit is to be announced etc., may be addressed to the Trustees at the id info@semexstudenttrust.org or semexstudenttrust@gmail.com. Alternatively, if the communication is addressed to the Principal, a copy may be endorsed to the Trust so that the matter may be efficiently attended to.

I take this opportunity to wish all alumni and their families a Very Happy New Year.

With regards to all,

Dr. P. D. Emmanuel (Principal)

Principal,

St. Joseph's College
